Professional Summary

Motivated B.Tech Artificial Intelligence student with strong knowledge of programming, web development, and Linux system administration. Skilled in Python, HTML, CSS, and JavaScript with hands-on experience in academic and self-driven projects. Passionate about software development, problem-solving, and learning emerging technologies. Seeking internship or entry-level opportunities to apply technical skills in real-world projects and grow as a software developer.

Technical Skills

Programming Languages: Python, JavaScript

Web Technologies: HTML5, CSS3, JavaScript

Tools & Platforms: Git, GitHub, MS Office, Linux (Red Hat Environment)

Core Concepts: Object-Oriented Programming (OOP), Problem Solving, Basic Software Development Life Cycle (SDLC)

Projects

Personal Portfolio Website

Personal Project

- Technologies Used: HTML, CSS, JavaScript, GitHub Pages
- Developed a responsive portfolio website showcasing projects and technical skills.
- Designed interactive and user-friendly UI components.
- Implemented responsive layouts for desktop and mobile devices.
- Managed source code and deployment using Git and GitHub.

Linux System Administration Practice Lab

Practice Lab

- Technologies Used: Red Hat Linux
- Configured users, groups, and file permissions in Linux environments.
- Practiced package installation, service configuration, and system monitoring.
- Executed networking and troubleshooting commands.
- Applied practical Linux administration concepts through hands-on lab exercises.

Certifications

- Red Hat System Administration (RH124-RHA Version 9.3)
- Red Hat System Administration (RH124-RHA Version 10)

Achievements

- Participated in hackathons and contributed to building working prototypes within limited time.
- Developed and deployed independent projects beyond academic coursework.
- Continuously improving technical skills through self-learning and practical implementation.

Education

Bachelor of Technology (B.Tech) · Artificial Intelligence
Dr. MGR Educational and Research Institute

Expected Graduation: 2027
